SUMMARY

Frontend Developer with 5+ years of experience in building scalable and user-focused web applications using JavaScript, React, and Next.js. Skilled in modern web development practices and familiar with backend technologies such as Node.js and Golang. Strong problem-solving, communication, and remote collaboration skills with a passion for continuous learning and innovation.

WORK EXPERIENCE

Software engineer at PT AccelByte Teknologi Indonesia **Feb 2023 - Nov 2025**

- Developed systems using React, Node.js, and Golang, improving production efficiency by 15%.
- Designed modular frontend architectures and reusable components, accelerating new feature delivery.
- Collaborated with DevOps team to streamline CI/CD, improving deployment speed by 25%.

Senior frontend at PT Eastern Transglobal Remittance **Sep 2022 - Jan 2023**

- Built high-performance UI components for financial automation systems using React and TypeScript.
- Integrated secure APIs and ensured compliance with fintech standards for safe data handling.
- Collaborated with global teams in Agile sprints, improving delivery velocity and communication efficiency.

Frontend developer at PT SiCepat Ekspres Indonesia **Nov 2021 - Aug 2022**

- Built an internal dashboard to support driver recruitment and allocation during peak seasons.
- Partnered with UX designers to deliver intuitive dashboards, boosting customer satisfaction by 25%.
- Actively contributed to sprint planning and feature releases within an Agile development cycle.

Frontend developer at PT. Infosys Solusi Terpadu **March 2020 - Oct 2021**

- Built responsive and user-friendly interfaces using React and JavaScript (ES6+) for enterprise clients.
- Translated business requirements into scalable web features and reusable UI components.
- Collaborated with backend engineers to integrate APIs and optimize data flow.

EDUCATION

Hacktiv8 Indonesia - FULL STACK JAVASCRIPT **Oct 2019 - Feb 2020**

Gained hands-on experience in building full-stack web applications using JavaScript, React, Node.js, Express, and PostgreSQL. Developed strong problem-solving and collaboration skills.
